HIGH SCHOOL PROGRAMMES

ANGLO
Green light for English

The Anglo High School Year programme gives students the chance to live for up to a year in the UK and attend classes at one of many excellent public or private high schools or sixth-form colleges. Students stay with a local family and experience first-hand British culture and lifestyle.

They return home with much improved English language skills, greater maturity, increased self-confidence and a more independent outlook.

PARTNER SCHOOLS

We work with a carefully selected network of schools and colleges across the south of England, all of which have obtained an Ofsted rating of outstanding. Care is taken to make sure that students are registered on courses where they can follow their chosen subjects, while also trying some new ones.

HOST FAMILIES

All our families have experience in hosting students from other countries and are able to integrate young people into their family and home in a professional and friendly manner. Anglo head office is in constant communication with students and families and there is a 24 -hour emergency phone to offer help and support.

YOU CHOOSE

Our programmes offer the possibility to choose:

- SCHOOL
- LOCATION
- INDIVIDUAL TERM (S)
- ACADEMIC YEAR

We provide personalized advice to find the most suitable school for each candidate. All schools offer additional language assistance alongside the major curriculum subjects as mathematics, chemistry, biology, physics, English literature, history, geography, art, business.
