

UNIVERSITY OF WOLVERHAMPTON

 **JUNIORS AND TEENS
AGED 11-17**

CENTRE LOCATION

Our Telford centre is based at the Telford Innovation Campus, which is part of the University of Wolverhampton, and lies about 30 miles northwest of Birmingham. The campus is known for its science and engineering programmes and has been fully refurbished with modern, spacious buildings and plenty of green outdoor areas. You can walk to the centre of Telford in around 20 minutes along a purpose-built pathway/cycle lane.

Telford town is quite unique. It's a new town, and is almost entirely pedestrianized, so you can walk through the shopping and entertainment areas safely and largely under cover. It's modern, minimalist and yet very British, as you will find all your favourite shops and eating places.

Next to the busy retail area is Telford Town Park with its beautiful woods, lakes and walking trails, and just down the road is the famous Ironbridge and Blists Hill Museum. It's a sort of crossroads where old meets new, and very interesting.

INCLUDED EXCURSIONS AND ENTRANCES
