

SUMMER 2021

ENGLISH LANGUAGE AND LEISURE PROGRAMMES

WELCOME TO LONDON BRENTFORD

Our Brentford Centre is based at the University of West London's Brentford campus, just 25 minutes from Waterloo by train.

THE PROGRAMME

Our language and leisure programme has been designed to give you an integrated learning experience. Each day is made up of a combination of engaging classroom-based English language lessons, workshops, activities and excursions. All this gives you the opportunity to acquire new language and practice your communication skills with English-speakers. Please see the centre timetable for the daily schedule.

2-week stay

3

**ACTIVITIES &
EXCURSIONS**

ACCOMMODATION

Single en-suite
study
bedrooms

CATERING

3 meals a day
served in a
modern dining
area. Packed
lunch on
weekend
excursions

2 WEEKS IN BRENTFORD

We aim to localise our leisure programme as much as possible to give students the chance to explore the culture and history on their doorstep.

Brentford is an ideal base for exploring London and all its famous sites. There is a direct train line and the TUBE both within 15 minutes on foot from the campus and you can be in the city in less than half an hour.

The Anglo programme includes several **half-day** trips into the city with visits to the **Tower of London** and **Stamford Bridge** football stadium. We also go to the wonderful **Kew Gardens**, located just across the road from the campus.

At the weekend, there are full-day excursions to **Windsor** and **Oxford**, amongst others. All travel is by private coach, and there is the option to have a travel card and use the Tube in London, if desired.

In the evenings, there's the opportunity to participate in **talent shows**, find new friends in **speed dating**, **play bingo**, test your knowledge in the **weekly quiz** and show off your dance moves at the **disco**.

CARING, ATTENTIVE TEACHERS & STAFF

Our summer team have been selected for their experience in and suitability for working with young people.

Anglo centre managers are responsible for ensuring the smooth-running of the programme and most have had many years of experience on summer courses.

Quite a few of our teaching staff have worked with us for several summers as well, and have been involved in developing the syllabus by contributing ideas they have tried and tested at centre.

We are also proud that many of our activity team are returners and that some move into management positions, using their experience to make the programme better and safer each year.
