

SUMMER 2021

ENGLISH LANGUAGE AND LEISURE PROGRAMMES

WELCOME TO EDINBURGH QMU

Our Edinburgh QMU Centre is based at the Queen Margaret University campus in Musselburgh, just 12 minutes by train from the centre of Edinburgh.

THE PROGRAMME

Our language and leisure programme has been designed to give you an integrated learning experience. Each day is made up of a combination of engaging classroom-based English language lessons, workshops, activities and excursions. All this gives you the opportunity to acquire new language and practice your communication skills with English-speakers. Please see the centre timetable for the daily schedule.

2 WEEKS IN EDINBURGH

We aim to localise our leisure programme as much as possible to give students the chance to explore the culture and history on their doorstep.

Edinburgh has a vast selection of historical and cultural places for students to explore and is also well-positioned for discovering the **coastal areas of Fife**, the start of the **Highlands** and of course getting to **Glasgow**.

The Anglo programme includes several **half-day** visits to the city of **Edinburgh** and paid entrances to **Edinburgh Castle** and **Hollyrood Palace**.

At the weekend, there are **full-day** trips to **Glasgow**, **St Andrews** and **Glamis Castle**, amongst others. Travel from the centre into Edinburgh is by train. Weekend excursions are by private coach.

In the evenings, there's the opportunity to participate in **talent shows**, find new friends in **speed dating**, **play bingo**, test your knowledge in the **weekly quiz** and show off your dance moves at the **disco**..

CARING, ATTENTIVE TEACHERS & STAFF

Our summer team have been selected for their experience in and suitability for working with young people.

Anglo centre managers are responsible for ensuring the smooth-running of the programme and most have had many years of experience on summer courses.

Quite a few of our teaching staff have worked with us for several summers as well, and have been involved in developing the syllabus by contributing ideas they have tried and tested at centre.

We are also proud that many of our activity team are returners and that some move into management positions, using their experience to make the programme better and safer each year.
