

SUMMER 2021

ENGLISH LANGUAGE AND LEISURE PROGRAMMES

WELCOME TO STIRLING

Our Stirling centre is based at the University of Stirling. It's a truly stunning location, and the campus has its own loch and castle! What more could you wish for in Scotland!

THE PROGRAMME

Our language and leisure programme has been designed to give you an integrated learning experience. Each day is made up of a combination of engaging classroom-based English language lessons, workshops, activities and excursions. All this gives you the opportunity to acquire new language and practice your communication skills with English-speakers. Please see the centre timetable for the daily schedule.

EXCURSIONS**

ACCOMMODATION

Single study
bedrooms with
shared
bathrooms

CATERING

3 meals a day
served in a
modern dining
area. Packed
lunch on
weekend
excursions

2 WEEKS IN STIRLING

We aim to localise our leisure programme as much as possible to give students the chance to explore the culture and history on their doorstep.

Our **Stirling** centre is the perfect base for exploring both the **cities and the highlands** of Scotland. **Stirling city centre** is only 2 miles away, and Edinburgh and Glasgow are within easy reach. However, with its surroundings of hills and forests, the campus makes you feel as if you're already in the highlands.

The Anglo programme includes **half-day** visits to **Stirling** and **Edinburgh**. At the weekend, there are full-day trips to **Glasgow, Edinburgh, Loch Lomond and the Callander** and **Fort William, via Glen Coe**. It's a stunning itinerary. All travel is by private coach.

In the evenings, there's the opportunity to participate in **talent shows**, find new friends in **speed dating, play bingo**, test your knowledge in the **weekly quiz** and show off your dance moves at the **disco and ceilidh**.

CARING, ATTENTIVE TEACHERS & STAFF

Our summer team have been selected for their experience in and suitability for working with young people.

Anglo centre managers are responsible for ensuring the smooth-running of the programme and most have had many years of experience on summer courses.

Quite a few of our teaching staff have worked with us for several summers as well, and have been involved in developing the syllabus by contributing ideas they have tried and tested at centre.

We are also proud that many of our activity team are returners and that some move into management positions, using their experience to make the programme better and safer each year.
