SUMMER 2021

ENGLISH LANGUAGE AND LEISURE PROGRAMMES

WELCOME TO CHICAGO

Our **Chicago** centre is based at **DePaul University** close to downtown Chicago, the 3rd largest city in the United States and known for its impressive skyline, vast cultural offer and plenty of fun!

THE PROGRAMME

Our language and leisure programme has been designed to give you an integrated learning experience. Each day is made up of a combination of engaging classroom-based English language lessons, friendly team sports, activities and excursions. All this gives you the opportunity to acquire new language and practice your communication skills with English-speakers. Please see the centre timetable for the daily schedule.

13 NIGHTS IN CHICAGO

Due to the central location of our **Chicago** centre, there is plenty of opportunity to discover the city and explore local places of interest without having to travel too far.

The lakefront areas of **Lake Michigan** are also just a quick subway ride away.

From **DePaul University**, you can pick up the subway and be downtown in under 10 minutes. The Anglo programme includes the **Metro Card** and has been designed to give you daily trips to the city and surrounding sites.

You'll have the chance to visit the **Shedd Aquarium**, the **Skydeck**, the **Field Museum**, the **Museum of Science and Industry** (or **360 Chicago**), the **Adler Planetarium** (or **Art Institute of Chicago**), **Lake Michigan**, and **Lincoln Park Zoo**.

There will also be a visit to the **Theatre** and an **Architectural Cruise**.

During your stay, you will have the chance to have **dinner out 8 times**, and enjoy eateries such as **Bubba Gump** and the **Hard Rock Cafe**.

If you are on campus **in the evenings**, there are **sports sessions, games and discos** to keep you entertained and give you the chance to practice your English.

CARING, ATTENTIVE TEACHERS & STAFF

Our summer team have been selected for their experience in and suitability for working with young people.

Anglo centre managers are responsible for ensuring the smooth-running of the programme and most have had many years of experience on summer courses.

Quite a few of our teaching staff have worked with us for several summers as well, and have been involved in developing the syllabus by contributing ideas they have tried and tested at centre.

We are also proud that many of our activity team are returners and that some move into management positions, using their experience to make the programme better and safer each year.
