

SUMMER 2021

ENGLISH LANGUAGE AND LEISURE PROGRAMMES

WELCOME TO PALM BEACH

Our **Palm Beach** centre is based at **Keiser University**, about an hour north of **Miami**. The region is popular with visitors for its tropical climate and beautiful coastline.

THE PROGRAMME

Our language and leisure programme has been designed to give you an integrated learning experience. Each day is made up of a combination of engaging classroom-based English language lessons, friendly team sports, activities and excursions. All this gives you the opportunity to acquire new language and practice your communication skills with English-speakers. Please see the centre timetable for the daily schedule.

13 NIGHTS IN PALM BEACH

Palm Beach is ideally located for visiting a range of exciting cultural and educational sites, including the **beautiful beaches**.

As always, we aim to give you a localised experience so plan your trips carefully to make sure you get a real taste of **southern Florida!**

Our **Palm Beach** centre itself is stunning. The **Keiser University** campus is full of luscious green open spaces, with water features and clusters of shady trees - great for break times and the evenings.

Much of your time, however, will be spent off campus. There are **full-day excursions**, which may include **Miami** and **Orlando**.

Half-day excursions may include: **Everglades Park, Del Rey Beach** and **Fort Lauderdale**.

Also Included in the package: **3 dinners out per 2-week programme**, 1 evening **cruise with DJ** and entrances to **Orlando Kennedy Space Center, Orlando Universal Studios**, and **Everglades National Park**

If you are on campus **in the evenings**, there are **sports sessions, games and discos** to keep you entertained and give you the chance to practice your English.

CARING, ATTENTIVE TEACHERS & STAFF

Our summer team have been selected for their experience in and suitability for working with young people.

Anglo centre managers are responsible for ensuring the smooth-running of the programme and most have had many years of experience on summer courses.

Quite a few of our teaching staff have worked with us for several summers as well, and have been involved in developing the syllabus by contributing ideas they have tried and tested at centre.

We are also proud that many of our activity team are returners and that some move into management positions, using their experience to make the programme better and safer each year.
